Sahaj Bhadja

(213) 284-4651 bhadja@usc.edu sahaj-bhadja sahajbhadja sahaj-bhadja

Summary

Web-focused Software Engineer pursuing an MSCS at USC with 2+ years building responsive interfaces and API-backed platforms using HTML/CSS/JavaScript, React, Flask, and SQL. Experienced in cross-browser reliability, documentation, CI/CD workflows, and collaborative delivery of production web features.

Education

University of Southern California, Los Angeles, CA **August 2024 – May 2026**
Master of Science in Computer Science *GPA: 3.75/4*
Coursework: Web Technologies, Analysis of Algorithms, Database Systems

Pandit Deendayal Energy University, Gandhinagar, India **November 2020 – May 2024**
Bachelor of Technology in Computer Science and Engineering *GPA: 3.88/4*
Coursework: Software Engineering, Operating Systems, Object-Oriented Programming, Data Retrieval

Experience

USC Dornsife **LA, California**
Software Engineer *September 2025 - Present*
- Built and maintained backend services for institutional web applications across **Azure SQL, PostgreSQL, and cloud storage**, supporting 500+ users while reducing dashboard latency from 1.2s to 350ms.
- Implemented validation and release workflows for 5K+ monthly jobs with reconciliation checks and production safeguards, improving reliability for user-facing reporting interfaces.

Grad8 **LA, California**
Software Engineer Intern *June 2025 - August 2025*
- Developed and tested a **Flask + React** web platform handling **10K+ daily requests** with secure ingestion paths, modular APIs, and instructor-facing dashboards.
- Collaborated with product and engineering teams to optimize API/UI performance and CI/CD release flows with GitHub Actions, reducing turnaround time by **60%**.

Aasma Technology Solutions **India**
Software Developer Engineer - (SecureSync) *August 2023 - July 2024*
- Analyzed and enhanced API and ETL workflows using **OOP**, AWS Glue, and S3, improving response times by **30%** and stabilizing production web integrations.
- Worked in Agile Scrum with developers and QA; automated testing and release workflows with Jenkins/PyTest, improving pipeline efficiency by **68%**.

Full Stack Developer Intern - (VibrantChem) *May 2023 - August 2023*
- Built a **MERN** operations platform with **REST APIs** and **WebSockets**, supporting 8+ business workflows and synchronizing 2M+ records across user-facing modules.
- Automated deployment and validation with Jenkins, Docker, and Azure SQL-backed services, reducing deployment time by **50%** while improving release consistency.

LST Capitals **India**
Web Developer Intern *November 2022 - January 2023*
- Developed booking/payment web workflows and API integrations using Flask and Firebase for a platform processing 50K+ records with real-time operational visibility.
- Implemented modular billing and webhook-driven automation flows with production logging and documentation, improving support turnaround and deployment confidence.

Skills

Languages: JavaScript/TypeScript, Python, Java, C++, SQL
Web: HTML, CSS, React.js, Next.js, Node.js, Express.js, REST APIs, JSON
Backend & Databases: Flask, FastAPI, PostgreSQL, MySQL, MongoDB, SQL Server, Azure SQL
Tooling: Git, GitHub Actions, Jenkins, Docker, Kubernetes, CI/CD, Agile/Scrum
Quality: Cross-browser testing, accessibility-aware development, debugging, unit/integration testing
Additional: CMS familiarity, server-side programming exposure (**PHP**), technical documentation

Projects

HMIS Live | *MERN, ABDM APIs, Twilio*
- Designed responsive healthcare workflows with structured API integrations, supporting **100+ daily appointments** and reducing record retrieval time by **2x**.

FinNexus Live | *Next.js, TypeScript, Kubernetes, MongoDB*
- Built secure web experiences for **50K+ users** and **1M+ transactions** with real-time updates, scalable deployment, and production-grade workflows.

PiXMod Live | *Next.js, Stripe, MongoDB*
- Developed a production SaaS web interface for AI-assisted image workflows, billing integration, and reusable UI components for maintainable feature delivery.
