Sahaj Bhadja

(213) 284-4651 bhadja@usc.edu sahaj-bhadja sahajbhadja sahaj-bhadja

Summary

Software Engineer with 2+ years of experience in **application development**, **testing**, **debugging**, and **technical documentation**, delivering reliable software features through structured SDLC and agile collaboration.

Education

University of Southern California, Los Angeles, CA **August 2024 – May 2026**
Master of Science in Computer Science *GPA: 3.75/4*
Coursework: Analysis of Algorithms, Database Systems, Web Technologies

Pandit Deendayal Energy University, Gandhinagar, India **November 2020 – May 2024**
Bachelor of Technology in Computer Science and Engineering *GPA: 3.88/4*
Coursework: Object-Oriented Programming, Software Engineering, Operating Systems, Data Retrieval

Experience

USC Dornsife **LA, California**
Software Engineer *September 2025 - Present*
- Designed and implemented **software components** across Azure SQL/PostgreSQL for 500+ users, improving dashboard latency from **1.2s to 350ms** through schema/query optimization.
- Built **release validation workflows** for 5K+ monthly jobs with reconciliation checks, improving software quality, traceability, and operational risk control.

Grad8 **LA, California**
Software Engineer Intern *June 2025 - August 2025*
- Developed and tested **Flask + React** application features handling **10K+ daily requests**, translating business requirements into modular APIs and user workflows.
- Performed defect debugging and improved CI/CD quality controls with GitHub Actions, reducing turnaround time by **60%** and stabilizing release behavior.

Aasma Technology Solutions **India**
Software Developer Engineer - (SecureSync) *August 2023 - July 2024*
- Developed and maintained **API/ETL software modules** using OOP, AWS Glue, and S3, improving response times by **30%** and pipeline efficiency by **68%**.
- Owned **20+ unit/integration test suites** across 3 OS environments with Jenkins, PyTest, and Mockito, increasing release confidence and reducing technical debt by **20%**.

Aasma Technology Solutions **India**
Full Stack Developer Intern - (VibrantChem) *May 2023 - August 2023*
- Implemented REST API and WebSocket modules supporting 8+ workflows and 2M+ synchronized records with robust data flow validation and application maintenance support.
- Automated deployment/testing with **Jenkins + Docker**, reducing deployment time by **50%** and improving software delivery consistency.

LST Capitals **India**
Web Developer Intern *November 2022 - January 2023*
- Developed application workflows with Flask APIs and Firebase for 50K+ records, improving processing visibility, exception handling, and customer-facing feature reliability.
- Documented integration behavior and webhook-driven processes for stronger technical handoffs, procedural clarity, and post-deployment support.

Skills

Programming: **Java**, **Python**, JavaScript/TypeScript, SQL, C++
Application Development: OOP, REST APIs, Flask, FastAPI, Node.js, React.js, application maintenance
Testing & SDLC: unit testing, integration testing, debugging, SDLC artifacts, release management, Agile/Scrum
Data & Platforms: PostgreSQL, MySQL, SQL Server, MongoDB, Azure SQL, AWS (S3, Glue, RDS)
Tools: Git, GitHub Actions, Jenkins, Docker, Kubernetes, technical writing/documentation
Professional: analytical problem solving, risk-aware delivery, collaboration, customer-focused development

Projects

Chat2SQL Code | *Java, TypeScript, SQL, Maven, Docker*
- Built a **software platform** supporting 10+ databases with schema-aware query generation, execution validation, and maintainable backend service structure.

FinNexus Live | *Next.js, TypeScript, MongoDB, Kubernetes*
- Developed secure application workflows for **50K+ users** and **1M+ transactions**, improving transaction reliability, usability, and production deployment consistency.

HMIS Live | *MERN, ABDM APIs, Twilio*
- Built structured healthcare software workflows with API integrations supporting **100+ daily appointments** and **2x faster** record retrieval through process optimization.
