Sahaj Bhadja

(213) 284-4651 bhadja@usc.edu sahaj-bhadja sahajbhadja sahaj-bhadja

Summary

Laravel developer pursuing an MSCS at USC with 2+ years building **PHP/Laravel** web applications, **MySQL** backends, and responsive **HTML5/CSS3** frontends. Strong in MVC, **Eloquent**, REST APIs, **PHPUnit** testing, LEMP workflows, and secure, well-documented production code.

Education

University of Southern California, Los Angeles, CA **August 2024 – May 2026**
Master of Science in Computer Science *GPA: 3.75/4.0*
Coursework: Software Engineering, Database Systems, Web Technologies

Pandit Deendayal Energy University, Gandhinagar, India **November 2020 – May 2024**
Bachelor of Technology in Computer Science and Engineering *GPA: 3.88/4.0*
Coursework: Software Engineering, Object-Oriented Programming, Data Structures

Experience

USC Dornsife **Los Angeles, CA**
Full Stack Developer *September 2025 – Present*

- Maintained production data services with **MySQL**/PostgreSQL query tuning, validation workflows, and API integrations processing **5K+ monthly jobs**, supporting reliable reporting modules and secure access patterns for **500+ users**.

Grad8 **Los Angeles, CA**
Laravel Developer *June 2025 – August 2025*

- Built instructor-facing web applications with **Laravel**, **Blade**, and **MySQL**, implementing MVC modules, **Eloquent ORM** relationships, and secure authentication serving **150+ users** and **10K+ daily requests**.
- Developed versioned **RESTful APIs** with JSON responses and middleware-based authorization, writing **PHPUnit** feature tests and resolving cross-browser UI issues across responsive **HTML5/CSS3** grading workflows.

Aasma Technology Solutions **India**
Laravel Developer - (SecureSync) *August 2023 – July 2024*

- Engineered **Laravel** microservice APIs with routing, middleware, and caching optimizations that improved response times by **30%**, maintaining clean OOP architecture and documented endpoints for cross-platform client integrations.
- Converted design mockups into pixel-perfect responsive Laravel pages using **jQuery** and **Vue.js**, adding PHPUnit/Pest-style automated tests in Jenkins CI/CD pipelines across multiple concurrent client projects.

Aasma Technology Solutions **India**
Laravel Developer - (VibrantChem) *May 2023 – August 2023*

- Designed CRM web applications in **Laravel** and **PHP** with **MySQL** migrations, query optimization, and SOLID service layers supporting billing, lead management, and resource workflows across **2M+ records**.
- Integrated third-party **REST APIs** and ERP-style data modules using **Composer** packages, applying XSS/CSRF mitigation and SQL injection safeguards while deploying on a **LEMP** stack with Git version control.

LST Capitals **India**
Laravel Developer Intern *November 2022 – January 2023*

- Developed booking and payment modules in **PHP/Laravel** with **MySQL** schema design, webhook integrations, and coupon validation logic across **50K+ records** with sub-**200ms** API performance.
- Collaborated on **WordPress** landing pages and custom Laravel backends, documenting code structures and handling multiple project tasks with strong attention to detail under tight client deadlines.

Skills

Laravel & PHP: PHP, Laravel, Blade, Eloquent ORM, Composer, MVC, OOP, SOLID, routing, middleware, migrations, PHPUnit, Pest (familiar), WordPress (familiar), Magento (familiar), jQuery, JavaScript, HTML5, CSS3, responsive design
Web & Data: MySQL, PostgreSQL, REST APIs, JSON, API versioning, authentication, LEMP, Git, SVN (familiar), SQL injection prevention, XSS/CSRF mitigation, cross-browser compatibility, PSD to HTML (familiar), Vue.js, React, Tailwind (familiar), Livewire (familiar)
DevOps: Docker, CI/CD, Jenkins, GitHub Actions, AWS (familiar), GCP (familiar), DigitalOcean (familiar), Sage APIs (familiar), QuickBooks APIs (familiar), Salesforce APIs (familiar), Agile, documentation, multitasking

Projects

CivicPortal Code | *Laravel, MySQL, Blade, PHPUnit, REST APIs*

- Built a responsive government-style portal with **Laravel**, **Eloquent** models, role-based auth, and **PHPUnit** tests, integrating REST endpoints and optimized **MySQL** queries for reporting dashboards.

HMIS Live | *Full Stack, REST APIs, TailwindCSS, Integrations*

- Shipped a healthcare operations platform with appointment workflows, consent-based API integrations, and responsive UI patterns transferable to Laravel/WordPress client delivery and ERP-style module design.

ShopBridge Code | *Laravel, Vue.js, MySQL, Docker, CI/CD*

- Developed an e-commerce Laravel application with Vue.js front-end collaboration, Dockerized LEMP deployment, and CI/CD releases demonstrating maintainable MVC code and secure checkout API integrations.
