Sahaj Bhadja

(213) 284-4651 bhadja@usc.edu sahaj-bhadja sahajbhadja sahaj-bhadja

Summary

Software engineer with hands-on experience in **VB.Net, C#**, and the **Microsoft .NET Framework**. Proficient in **ADO.Net** for database connectivity with **SQL Server and Oracle**. Strong foundation in object-oriented programming, software testing, and full lifecycle application development.

Education

University of Southern California, Los Angeles, CA **August 2024 – May 2026**
Master of Science in Computer Science *GPA: 3.75/4.0*
Coursework: Database Systems, Software Engineering, Analysis of Algorithms, Web Technologies

Pandit Deendayal Energy University, Gandhinagar, India **November 2020 – May 2024**
Bachelor of Technology in Computer Science and Engineering *GPA: 3.88/4.0*
Coursework: Object-Oriented Programming, Data Structures, Database Management, Software Testing

Experience

USC Dornsife **Los Angeles, CA**
Software Engineer *September 2025 – Present*

- Developed and maintained software applications using **object-oriented programming** principles, handling tier-one support requests and generating tickets for issue tracking and resolution.
- Performed **software testing and quality assurance**, implementing performance tuning and automation to improve system reliability by 25% while maintaining detailed documentation.

Grad8 **Los Angeles, CA**
Software Engineer Intern *June 2025 – August 2025*

- Participated in **full lifecycle application development** including coding, debugging, and deployment, demonstrating self-motivation and passion for software development.
- Collaborated with team under pressure to meet deadlines, conducting software testing and documenting functionality for maintainability and knowledge transfer.

Aasma Technology Solutions **India**
Software Developer Engineer - (SecureSync) *August 2023 – July 2024*

- Built enterprise applications using **C# and .NET Framework**, implementing **ADO.Net** for database operations with **SQL Server**, improving data processing efficiency by 68%.
- Conducted **performance tuning, improvement, and balancing** of applications while supporting, maintaining, and documenting software functionality for end users.

TechSoft Solutions **India**
.NET Developer Intern *January 2023 – April 2023*

- Developed desktop and web applications using **VB.Net and C#** within the **Microsoft .NET Framework**, demonstrating practical knowledge in both languages.
- Implemented database connectivity using **ADO.Net with SQL Server and Oracle**, following object-oriented programming principles for maintainable, scalable code.

Skills

Languages: VB.Net, C#, SQL, Python, JavaScript
Frameworks: Microsoft .NET Framework, .NET Compact Framework, ASP.NET, ADO.Net
Databases: SQL Server, Oracle Database, PostgreSQL, relational database design
Tools & Practices: Visual Studio, Git, software testing, QA, debugging, documentation

Projects

InventoryPro | *VB.Net, ADO.Net, SQL Server, .NET Framework*

- Built a desktop inventory management application using **VB.Net and .NET Framework**, implementing **ADO.Net** for SQL Server database operations with full CRUD functionality and automated reporting.

CustomerHub Portal | *C#, ASP.NET, ADO.Net, Oracle Database*

- Developed a customer management web application using **C# and ASP.NET**, connecting to **Oracle database via ADO.Net** with object-oriented architecture and comprehensive unit testing.

TaskFlow Manager | *C#, .NET Framework, SQL Server, Windows Forms*

- Created a task tracking Windows Forms application using **C# and .NET Framework**, featuring **ADO.Net database connectivity**, performance optimization, and detailed user documentation.
